

## **The Champion Juicer**

The Champion Juicer is able to liberate the hidden values from fibres and place them into the juice under pressure without loss by aeration or static in order to obtain the full nutritional value of such juices extracted from fruits and vegetables.

### Advantages of Juicing

Juicing is a natural way to supplement your diet with natural vitamins and enzymes. Juice is able to enter your system with very little work for your digestive system because it is already broken down. The juice from raw fruit and vegetables, has amazing healing and rejuvenating properties. These living foods, fresh and raw, are the foundation of any healthy eating program to:

- \* improve immunity
- \* increase energy
- \* cleanse blood
- \* promote vitality
- \* manage weight
- \* nourish the organs
- \* detoxify and maintain cellular structure
