

Cleansing Bar - Geranium

Our extra virgin coconut cleansing bars (natural soaps) are hand crafted from organic cold-pressed virgin coconut oil from the Pacific Islands. The process involves waiting for the fully ripe coconuts to fall to the ground where they are collected, grated and cold-pressed within hours of opening the nut. Due to their naturally alkaline pH, bar soaps are unsuitable for use on the face.

Ingredients

Organic saponified coconut (cocos nucifera) oil, organic geranium (pelargonium graveolens) essential oil.

Cleansing Bar - Tea Tree

Our extra virgin coconut cleansing bars (natural soaps) are hand crafted from organic cold-pressed virgin coconut oil from the Pacific Islands. The process involves waiting for the fully ripe coconuts to fall to the ground where they are collected, grated and cold-pressed within hours of opening the nut. Due to their naturally alkaline pH, bar soaps are unsuitable for use on the face.

Ingredients

Organic saponified coconut (cocos nucifera) oil, organic tea tree (melaleuca alternifolia) essential oil.
