

WHAT IS GEOPATHIC STRESS ?

GEO—the earth—*PATHOGENIC*—To create illness

GEOPATHIC STRESS CAN BE FROM ABOVE OR BELOW GROUND.

BELOW GROUND STRESS;

DRY FAULTS OR LEY LINES (earth energy lines).

UNDERGROUND WATER (subterranean streams or rivers).

UNDERGROUND WATER CARRIES,

ELECTROMAGNETIC (E.M) ..FREQUENCIES

ABOVE GROUND;

ELECTROMAGNETIC FREQUENCIES FROM RADAR, SATELLITES, MOBILE PHONE TOWERS, ELECTRICAL TRANSFORMERS, POWER LINES etc.

GEOPATHIC STRESS HAS BEEN FOUND TO BE THE COMMON FACTOR IN MOST SERIOUS LONG TERM ILLNESSES AND PHYSIOLOGICAL CONDITIONS.

The **DULLWICH HEALTH SOCIETY (U.K.)** have checked over 25,000 people with ill health and found the following;

“ 95% of Cancer patients are living or working in a **GEOPATHIC** stress environment.

95% of children who are hyperactive live in a **GEOPATHIC** Stress environment.

80% of women who miscarry live or work in a **GEOPATHIC** Stress environment.

80% of people who get divorced live in **GEOPATHIC** stress.”

Various doctors in Europe who between them have investigated over 10,000 cancer patients, found 92% were living in **GEOPATHIC** stress environment.

Dr. E. Harman M.D in 30 years of practice, has not yet come across a seriously ill person, with exception of disease caused by virus, bacteria, or infected injuries (who has not slept or stayed for long periods in a **GEOPATHIC** Stress environment.

Dr. J. Kopp of Ebikon, Switzerland, a geologist, found an abandoned barn in the Rein valley where a water vein was flowing directly beneath it. He was told by the owner that many animals had become ill when housed in the barn.

THE MOST COMMON INDICATIONS OF GEOPATHIC STRESS FROM BOTH ABOVE AND BELOW THE GROUND ARE:

1. Always feeling exhausted
2. Depression, nervousness
3. Pallor and allergy to foods
4. Resistance to medical treatment
5. Not wanting to go to bed, disturbed sleep
6. When in bed feeling cold or suffering cramps
7. Grinding teeth or sleep walking
8. Rheumatism
9. Asthma

There is no scientific instrument which is sensitive enough to give a truly accurate reading for **GEOPATHIC** stress, however the Vega or Mora electro dermal test equipment, or the Listen, Omega Accubase or Acutec Ryodoraku electro dermal computer programs can be used to show if a person is ill due to **GEOPATHIC** stress.

If **GEOPATHIC** stress is found to be the cause, find the area of stress by having the home assessed and dowsed.

Australia has one of the highest occurrences of continuance of underground water veins on Earth, Possibly due to the ancient nature of this continent and the extremes in climatic conditions.

Underground water flows freely, including under high tension electrical wires. This water has naturally occurring salts and minerals so it is a perfect carrier of the electric and magnetic fields which form part of the **GEOPATHIC** stress mentioned.

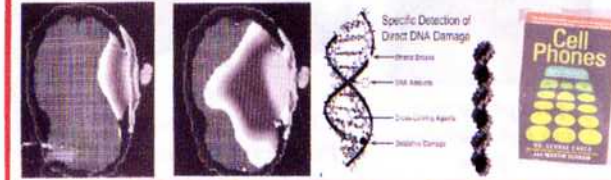

“Research institutions who spend about 10 billion per year world wide on Cancer research have spent approx. 1 million on research into **GEOPATHIC** Stress.”(Dullich Health Society U.K.)

The incidence of Cancer is increasing by 2.5 % per year, (in 1998. 1 in 3 people developed Cancer): many doctors believe there has been no real progresses in the fight against Cancer for 30 years.
