

Jasmin Lipstick

A new breakthrough in the beauty industry. Our exclusive certified organic formulation ensures you no longer need to be fearful of ingesting harmful chemicals such as lead, aluminium, artificial colourings, petroleum jelly, preservatives and chemical sunscreens which are commonly used in today's average lipstick. Jasmin's certified organic lipsticks are guaranteed free of chemicals and harmful ingredients and are even safe to eat. Rich in nutrients and vitamins, they moisturise the lips and enhance natural lip pigmentation. Jasmin's Organic Lipstick range has eleven popular colours and a clear lip balm in cool, neutral and warm colours. Now you can enjoy healthy and beautiful lips.

Warm Jasmin Lipstick Colours

- Sweetheart
- Australian Plum

– best suited to women who look great dressed in brown, orange, peach, apricot, coral, rust and cream.

Cool Jasmin Lipstick Colours

- Pink Sensation
- Cinnamon
- Red Rose

– best suited to women who look great dressed in blue denim, navy, purple, burgundy, pink and white.

Neutral Jasmin Lipstick Colours

- Peach Dream
- Rich Cherry
- Sienna Brown
- Natural

– these colours are usually lighter shades of both warm and cool colours and may suit either group.

Use:

Apply as often as required like normal lipsticks but with the peace of mind that they are certified organic and free of all chemicals.

To achieve a 'gloss effect', simply apply the Natural Lip Balm over your lipstick. The Balm is also an effective protection against dryness and cracking caused by sun and wind exposure.

Massage your lips together to ensure even spread of lipstick.

Ingredients:

French clay, rosehip oil, cold pressed castor oil, natural Vitamin E, mango butter, bee's wax, mica (earth derived), oxides (earth derived) and rose absolute.
