

## **Jasmin Signature Perfume**

This exquisite and exotic perfume is made from thousands of the finest fresh flowers.

The aroma from the flowers delights the senses, relaxes the mind, uplifts your mood, calms and refreshes your body and creates a happier atmosphere.

Exotic Sandalwood helps to naturally soothe your senses if you are suffering from stress and helps to bring the body back into harmony with the environment.

No other essential oil is quite as capable of changing your mood so intensely as Jasmine. Often referred to as 'Queen of the night', the Jasmine flower emits a pure aroma which penetrates the deepest layers of the soul.

The delicate Rose has a balancing effect on the whole body and its fragrance brings joy to the heart.

No artificial fragrance can match Nature's own scent, reflected exquisitely by the purest fresh flowers found in Jasmin's Signature Perfume. This unique blend of perfume is also used in the Jasmin Skincare range.
